Minutes of the 10th Operation Co-ordination Committee (OCC) meeting held on 03rd September 2025 at 11:30 Hrs. through physical & video conferencing mode.

The 10th meeting of the OCC, was convened on 03.09.2025 at 11:30 hrs. through physical and video conferencing mode. The meeting was chaired by Executive Director, MSLDC.

The Executive Director (MSLDC) & Chairman of the OCC welcomed all the members and briefed them on the conduct of a special OCC meeting for submission of comments, suggestions, and objections on the draft MERC (State Grid Code) First Amendment Regulations, 2025, and the draft MERC (Deviation Settlement Mechanism and Related Matters) Regulations, 2025.

He emphasized that undertaking a periodic review of the Grid Code is a primary responsibility of the GCC. In the last GCC meeting held on 28.07.2025, an agenda item on Grid Code review was deliberated prior to the release of the Hon'ble MERC draft. The discussion highlighted the need for certain amendments in view of various developments at the central level, changes in the LPS rules, and other related modifications. Additionally, certain operational challenges observed by SLDC were also brought to the notice of the GCC.

The GCC suggested that its sub-committees should separately deliberate on the Grid Code and submit their own recommendations. Accordingly, all sub-committees of the GCC were asked to provide their views on the Grid Code as a whole. While this exercise was in progress, the Hon'ble MERC issued draft amendments to the Grid Code on 02.08.2025.

There are two major changes proposed by the Hon'ble MERC: first, regarding heat rate compensation to be provided to generators, and second, relating to the Scheduling and Operation Code. Apart from these two modifications, SLDC carried out an internal review, as directed by the GCC, and suggested other changes required in the MEGC.”

In view of above, all primary draft observations were communicated on 30.08.2025 to all OCC members, with a request for their suggestions. This meeting has been convened specifically for that purpose.

The list of participants in the meeting is attached herewith as ANNEXURE – A.

The detailed Point-wise discussions held during the meeting are as follows:

Sub: Minutes of the 10th Operation Co-ordination Committee (OCC) meeting held on 03.09.2025 at 11:30 hrs. at MSLDC Kalwa.

MSLDC Agenda:

Review of MEGC 2020, existing Grid code:

Submission of Comments/Suggestions/Objections on draft MERC (State Grid Code) First Amendment Regulations, 2025 & Draft MERC (Deviation Settlement Mechanism and Related Matters) Regulations, 2025

As per Hon'ble MERC's public notice dated **2nd August 2025**, the Hon'ble Commission has invited comments, suggestions, and objections on the following draft regulations:

1. Draft MERC (Deviation Settlement Mechanism and Related Matters) Regulations, 2025
2. Draft MERC (State Grid Code) (First Amendment) Regulations, 2025

As per the notice, all comments/suggestions/objections uploaded or received on or before 23rd August 2025 shall be considered by the Commission before finalizing the above draft regulations.

Accordingly, SLDC has invited from all sub-committees of GCC, comments, suggestions, and/or objections on draft MERC (State Grid Code) First Amendment Regulations, 2025, if any to this office by 13.08.2025 vide this office letter under ref. (2). The comments from the sub-committees are still awaited.

Considering the technical complexity and the extensive implications of the proposed amendments, the Maharashtra State Load Despatch Centre (MSLDC) has requested the **Hon'ble Commission**, additional time upto 15th September to thoroughly study, hold internal consultations, and prepare a comprehensive and consolidated response.

On receipt of comments, a comprehensive consolidated submission for the consideration of the Hon'ble Commission is to be prepared.

10th OCCM Discussion:

The Chief Engineer (I/C), MSLDC, informed that the comments and suggestions prepared by MSLDC on the draft MERC (State Grid Code) First Amendment Regulations, 2025, and the draft MERC (Deviation Settlement Mechanism and Related Matters) Regulations, 2025 have been circulated to all OCC members for their comments / suggestions or objections on any clause.

MSLDC representative presented the Comments/suggestions prepared by MSLDC on draft MERC (State Grid Code) First Amendment Regulations, 2025 & Draft MERC (Deviation Settlement Mechanism and Related Matters) Regulations, 2025

A detailed discussion was carried out on each comment by MSLDC during the meeting. Following suggestions were made regarding the S & D code related charges.

- The representative of M/s AEML requested to consider block-wise MOD rates for Intrastate Open Access (STOA) transactions during MOD operations
- The representative of M/s AEML requested that the DC (Declared Capacity) declaration by intrastate generators be preponed to 06:00 AM instead of 07:00 AM, considering the closing time of GNA contract requisitions by beneficiaries at WRLDC WBES at 07:00 AM as per IEGC.
- Further, representative of AEML requested that the unbalance with each Discom be published between 22:30 – 22:45 hrs, as per the schedules available at WRLDC and other resources, considering the view of market participants and their RTM timelines.
- Further, M/s MSEDCL proposed an amendment to the RE F&S regulations, whereby the forecasted RE availability shall be made available before the 8th time block instead of the 4th time block, in line with the DC of InSTS generators and demand revisions as per the proposed draft.
- Stakeholders are opined that before implementation of proposed changes in draft MEGC 2020, the ancillary service mechanism shall be in service.
- The members also sought some more time to review SLDC's comments, as some issues need internal deliberations amongst stakeholders.

The Chairman of OCC instructed all members to review the comments and submissions prepared by MSLDC and furnish their inputs by **05.09.2025**, enabling the same to be placed before the forthcoming GCC meeting.

With due deliberations, all OCC members took note of the same.

Annexure A

10th OCCM meeting on 03.09.2025 @ 10:45 Hrs at 3rd flr Conference Hall, MSLDC, Airoli.
